February through June, 2013 Recording New CD

FOS is taking a break from performing to concentrate on recording and mixing the new CD. The CD is expected to be released in September / November 2013. One of FOS's supporters, Peter Breach, from the Brach Family Charitable Foundation, has graciously given FOS a 5 month window - and the use of a studio space - to help complete their project. We are very grateful for this opportunity.
